Object: "European Researchers' Night" communication campaign

Dear Sirs,

Thank you for the opportunity to be involved in the romescience&comics project.

We are glad to cooperate with you in the organization of the on-line communication campaign for the **European Researchers' Night**, which will take place Friday 26th of September 2014 and Friday 25th of September 2015.

We will be committed from the beginning of the project, in May 2014, until the end of it, in novembre2015, following up the on-line communication during the time between the two events.

We currently have around 2,300 likes on our facebook page **LibreriaAssaggi** and more than 200 visits per day on our website www.libreriaassaggi.it – thanks to these numbers we are sure we will give a valuable support to your online campaign.

Looking forward to cooperate with you.

Kindest Regards

Anna Parisi
